- 1) Now with **Robinson** with the ball at the top of the key, she will reverse the ball to the other wing.

- 1) Here is where we can get an open shot for **Robinson**.

  - 3) **Robinson** will use this flare screen from the post here & will be open for a jumper or an easy drive to the bucket.
- Coaching Point:** The ball handler should dribble towards the flare to make **x2** honor the ball. And Robinson should take a step towards the screen to set it up
