

HS BOYS: ALTERIQUE GILBERT PG TRIPLE (SPURS)

1) A point guard from the Atlanta area to watch is **Alterique Gilbert** from Miller Grove HS.

2) The 5-11 guard combines his super athleticism with superb skill to be an impact player as a sophomore for a HS program that has already won 5 straight state title.

3) This is a set that I think would be good for Gilbert, which I have adapted from watching the **San Antonio Spurs** running it for **Tony Parker**.

HS BOYS: ALTERIQUE GILBERT PG TRIPLE (SPURS)

1) This play starts with **Gilbert** dribbling the ball up the right hand side of the floor and delivering the ball to the SG who receives a pin down screen from the 4 player.

2) Now the other 3 players on the floor turn a set a triple screen for **Gilbert** along the baseline.

3) In this frame we see what could happen if the defense chases **Gilbert** around the screens - he could curl the screen & get a jumper in the mid-range or finish at the rim.

HS BOYS: ALTERIQUE GILBERT PG TRIPLE (SPURS)

1) In this frame we see what happens if the defense plays over the top of the screen and prevents middle penetration by **Gilbert**.

2) Now **Gilbert** can receive "butt to baseline" screen on the wing - which is very effective because **Gilbert** has the explosiveness to turn the corner on a bigger defender & attack the rim.

3) Away from the ball, it will be important that the opposite wing clears. Setting a double stagger screen here is optimal.
