

BOB: TRIPLE

BOB: TRIPLE

- 1) Coach **Don Meyer** always said that the #1 goal of a BOB was to just get the ball in.
- 2) Of course if you can get an easy basket while ensuring you can get it in, it is all the better.
- 3) This 4 across set was my favorite actions because we used our best shooter as a decoy to get easy looks at the rim.

- 1) We call this "Triple" because we are setting 3 screens across the baseline.
- 2) Setting all of these for your best shooter, you could get an easy 3 if the defense is caught sleeping.

BOB: TRIPLE

- 1) However, what we were really looking for is one of the defenders to over extend their help & get an easy bucket at the rim.
- 2) This especially effective if your shooter has hit several 3's & the other team really reacts to his/her cut.
