

HALF-COURT: ARIZONA MOTION FOR SHOOTER

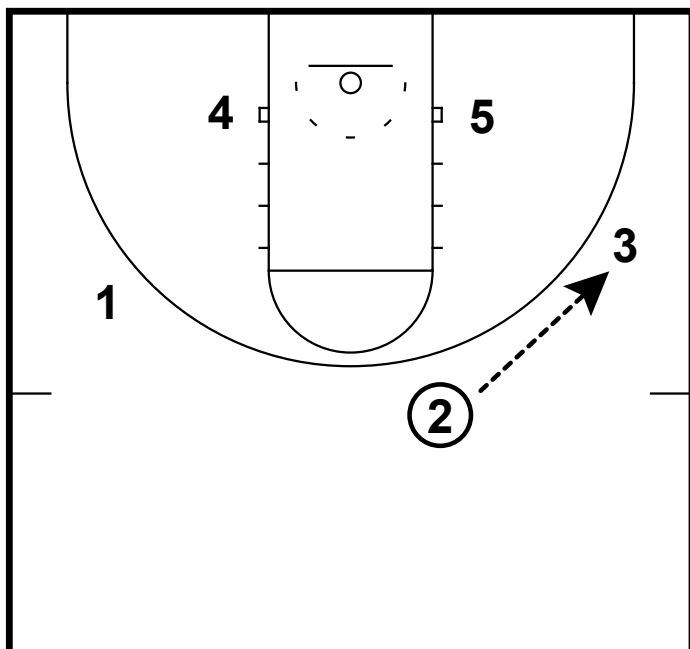

This is some good motion from Arizona. They start out in 4 around 1 with the 5 man starting high. It starts out with the 5 screening for 2. The 2 makes the proper read off the screen to maybe get an early shot. 1 pushes the 3 through getting a back screen from 4.

Once the 3 uses 4's screen he now has a couple options. He can use a re-screen from 4 again or on the ball reversal to 2 he will come off a pin down screen from 5. Either screen he comes off of he is looking to score.

2 hits 3 and 3 is looking for the shot.

If 3 does not have a shot then the 5 will come set a ball screen. 2 screens away for 1 to occupy the help. 4 spaces out to short corner which will force his defender to either stay in help or space out with him.
