

HALF-COURT: MICHIGAN STATE QUICK HITTER

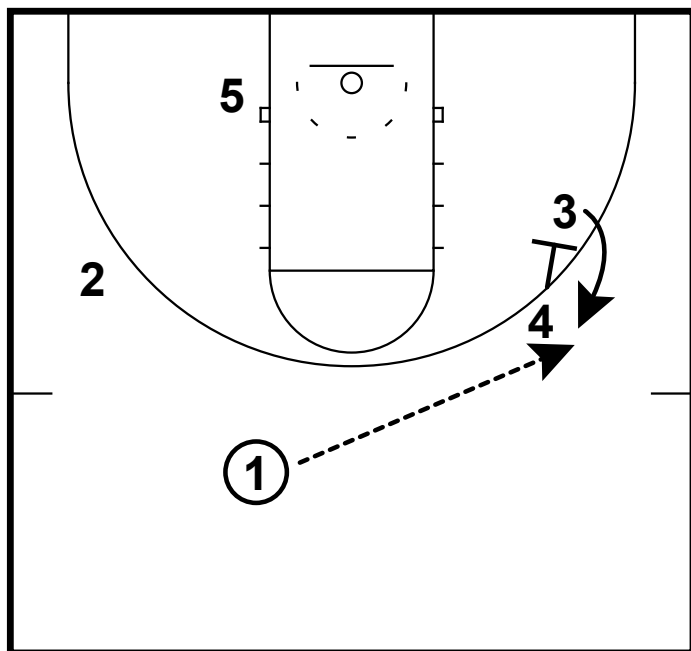

This is a unique look from Michigan State. The 4 and 5 are stacked together just above the right wing. The 1 has the ball on the left lane line while the 3 fills the left block. 2 will curl tight around 4 and 5's screen and fill to the left wing.

Once that action takes place the 3 will sprint and set a solid back screen for 5. 5 cuts hard looking for the pass from the 1.

HALF-COURT: MICHIGAN STATE QUICK HITTER

If the 5 is not open then the 4 will set a quick screen for the 3. 3 comes off the screen looking to get a quick shot.

4 can space out or look to post up. This flows right into their motion as 1 will now go screen away for the 2.
