

HALF-COURT: VIRGINIA FLARE INTO BALL SCREEN

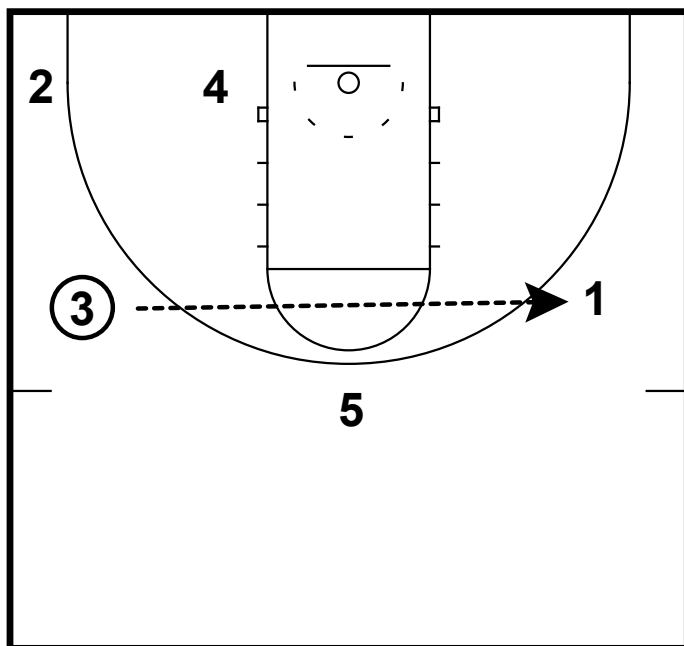

This is some good flare screen action into a ball screen that Virginia likes to run. In a basic 3 around 2 alignment the 1 will pass to 3. 5 now comes up and sets a flare screen for the 1.

As the 1 is cutting off the screen. The 2 is sprinting hard and coming off a screen from the 4. After 5 screens he will second cut and fill the top spot.

3 skips to the 1. Or can hit the 5 for the reversal if the 1 is not open.

When the ball is in the 1's hands then the 5 goes and ball screens. Notice the angle the 5 sets the screen. This allows 1 to get deeper into the paint on the penetration. 3 can go screen for 2 to take away help from the guards. If 4's man comes and helps then 1 can pass it off to 4 for a lay up.
