

JEFF WALZ: OVERLOAD

- 1) Again we see Walz likes to start all of his zone sets out of 3 out 2 in set.
- 2) After the PG dribbles to the right lane line extended, 5 flashes to the high post & both wings triple stack on the opposite block.

JEFF WALZ: OVERLOAD

- 1) 5 will pop out on the other lane line extended. - he/she wants x1 to guard there.

JEFF WALZ: OVERLOAD

- 1) Now 3 will pop to the wing, the idea here is to get x4 to guard the ball on the wing.
- 2) As this is happening, 2 will pop to the corner, this should be your best shooter.
- 3) 4 will seal x5 in the lane in preparation for a score.
