

1) Starting in their basic 3 out 2 in set, the ball be will be entered on the opposite wing that they eventually want the shot to come from.

1) Once the ball is reversed back to the top of the key, the ball side post will flash to the high post.

1) The ball will be reversed to the opposite wing & then the opposite post player will step to the corner & receive the pass.
 2) This will stretch **x3** to the corner & **x1** should retreat slightly to protect the lane.

1) Now 2 will step in & set a screen around the elbow area to get 1 a shot from the wing.
 2) As this is happening, 5 will slide down the lane looking for an open shot.
