

HALF-COURT: MIAMI HEAT HORNS

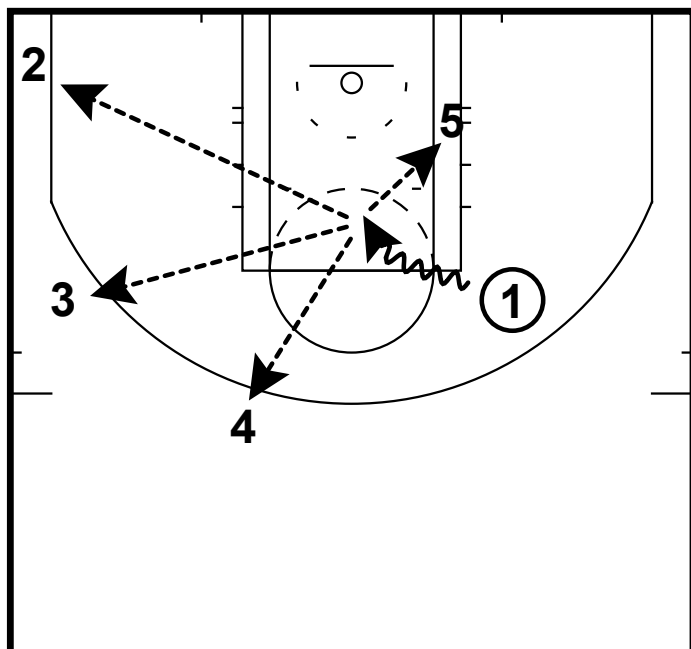

This is some great horns action that ended with a wide open dunk for Chris Anderson of the Miami Heat. 4 is going to pop out and get the pass from the 1. The 1 goes and screens for the 2. The 2 will curl tight around the 2 and 5 man. If he is open the 4 will get him the ball.

After 2 curls the 5 will screen for the 1. The 1 must cut hard ready to catch and look to shoot the ball. The 5 will roll right to the rim. If the 5 is open on the catch then 1 will hit him quickly. This is how Anderson got his wide open dunk. 3 rotates higher and 2 clears to the corner.

If the roll is not there then the 1 will penetrate trying to score. But as you can see the floor is now spread with shooters waiting for the catch and shot.
