

3 Out Motion Series(loop into back cut)

The next phase of the 3 out motion series involves a guard loop and then a back cut. 1 will dribble at the 2 looping him up top. 1 will pass back to the 2 when set.

3 Out Motion Series(loop into back cut)

2 will then dribble at the 3. The 3 will take his man high and then back cut to the rim. It is important to stay above the block when you cut. This allows for a better angle to finish at the rim.
