

## COACHING DRILL: CURL/2ND CUTTER

- 2 V-cuts to get open
- 3 takes their defender down setting them up for the screen
- 1 gets his back to the ball and screens for 3

## COACHING DRILL: CURL/2ND CUTTER

- 3 curls tight off 1
- 1 second cuts hard back to the ball
- We emphasize hitting the second cutter to make sure the screener does not stand around after screening. Or you can add a coach or another player to pass to the second cutter and the 2 would just hit the cutter curling to the rim.*
