Mark Gottfried "Scoring in the 80's"

One of Mark Gottfried's points of emphasis on offense is playing fast. His goal is to score in the 80's every game. It starts with their transition offense. Two of his biggest rules are: 1. Closest big takes ball out. 2. The ball must be inbounded past the free throw line. Here is his basic movement in their secondary break.

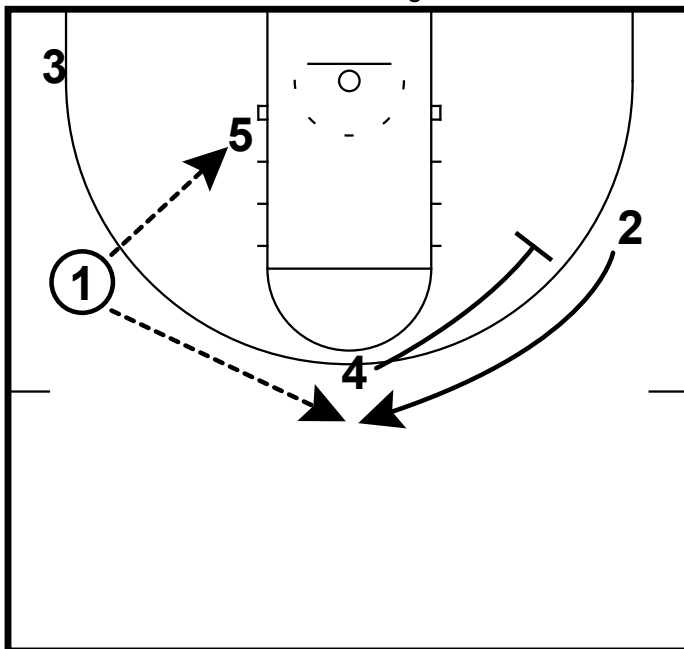

5 will run the rim and come out ball side. 1 passes to 2 and cuts to the opposite corner. 2 reverses the ball back to the trail 4.
